

Brief Biography for Margaret Solomon for the Demo Garden website
2001

Margaret has lived in Incline Village since 1970 and became involved with the demonstration garden as a representative of Sierra Nevada College. She was on the original committee in 1991 that worked to establish the garden on College property at the corner of College and McDonald. She has continued to support the garden with donations and time ever since. As membership chair person she solicits and keeps track of membership. She also organizes workdays in the garden. While she is neither a master gardener nor an experienced gardener she has learned much over the years and during the many hours she has spent in the garden. She enjoys sharing the garden with visitors to the site.
